LOT was one of the first air carriers in Europe to introduce digital press on its boards. More than 1,000 titles can be downloaded via the mobile app 36 hours before departure and up to 6 hours after landing.

- LOT offers over 1,000 digital press titles for all passengers, regardless of class and travel destination.
- The offered press includes dailies and magazines in several dozen language versions (e.g.: Polish, English, Hungarian, Chinese, Czech, Danish, Spanish, Japanese and Korean), as well as LOT's in-flight magazine "Kaleidoscope".
- Favorite titles can be downloaded 36 hours before departure and up to 6 hours after landing.
- The dailies and magazines can be found in the accessible lot.com/digitalpress application, where after entering the name and booking number, the passenger can download the selected magazine free of charge.
- Depending on the travel class we can download from 1 to 5 titles to our storage medium free of charge. After using the allocated limit, the passenger has the possibility to choose from the available free titles or purchase additional titles. Prices of dailies start from 1 PLN, weeklies from about 4 PLN and specialist press from several dozen PLN. Payment can be made by credit card or PayPal.

The new service is provided by the technology company **Media Carrier**, which provides passengers of airlines, cruise ships and guests of more than 1,200 hotels around the world with access to digital press on their own mobile devices.
